

Centre Stage Company

Autumn 2015

Hi All

Let me introduce myself, my name is Paula Fox and I am the new Centre Stage secretary and have been since March 2015. Centre Stage is unlike anything I have been involved with before. There is quite a lot to learn and following the amazing work of Jan and Debbie is going to be very difficult but I shall try to do my best. So please excuse me if I make mistakes and please do tell me when I do. I am always happy to listen. If there are things that you would like to know about please ask. Or if you would like me to suggest topics/shows/issues to the Chairman to bring up at committee meetings just get in touch.

Paula

How many of you came to see Annie? I bet you all did. Wasn't it fantastic, a brilliant performance by every cast member at sell-out shows? It seemed to create a feel good buzz amongst everyone whether you were in the audience, a cast member, director, and stage crew just everyone. Congratulations to everyone who was involved.

The Addams Family

Our next show is The Addams Family, have you got your tickets yet? If not, why not? Are you thinking, it sounds a bit different and it is not really your thing? Well think again, it is a family show that will appeal to everyone across the ages. It has everything a Centre Stage Production usually has singing, dancing, acting and a bit of comedy thrown in too. Oh I nearly forgot it has the best part of Centre Stage and that is the cast who are going to give an amazing performance and have been directed by our directors Megan Brewster and Lee Mayes.

The Show is on at the Haverhill Arts Centre from the 20th – 24th October 2015.

I urge you to get your tickets now before they sell-out
